

SOUTH ZONE

Ranger District	Project Name	Project Location	Approx Timing	Agrmt Type	Agrmt Prep Contact	Field Project Coord	FS Liaison Needed on Site	Project Description	Special Considerations	Remarks
Red River	Wilderness Campsite Inventories	Frank Church River of No Return and Gospel Hump Wildernesses	Snowmelt through Aug	CCS; project expenses negotiable & reimbursable up to but not exceeding \$600	Carol Hennessey 208.935.4270	Randy Borninger 208-842-2245, rborniger@fs.fed.us	No		There will be a training session around Lewiston and/or Kooskia. Number of folks and stock would depend, typically a group would consist of 2 folks with 2-4 head. The number of groups would depend on how many folks are willing to go. If there is a lot of interest the wildernesses could be divided up and folks sign up for areas at the training session. No on-site training will occur.	
Red River	Hunter Wilderness Education and Weed Feed Check	Wilderness Portals for the Gospel Hump and Frank Church River of No Return Wilderness Areas. Sites for information/check stations: a) Old Orogrande town site or Orogrande Summit; b) Red River RS just before Montana RD	Fall Hunting Season	CCS; project expenses negotiable	Carol Hennessey 208.935.4270	Randy Borninger 208-842-2245, rborniger@fs.fed.us	No	<u>Opening Day</u> Sept. 15 Oct 1 Nov 1	<u>Staffing Period</u> Sept 11 thru Sept 17 Sept 29 thru Oct 3 Oct 28 thru Nov 3	Typically the site would be staffed by 2 folks, the low impact camp items would be provided, no stock would be needed, stock could be used to help demonstrate low impact techniques.
Red River	Pack Support to Weed Treatment Crew	Bargaman Crk Area	Throughtout Summer; 10 day work periods	CCS; project expenses negotiable & reimbursable up to but not exceeding \$100/animal per day (no add'l mileage or per diem included)	Carol Hennessey 208.935.4270	Randy Borninger 208-842-2245, rborniger@fs.fed.us	No	Pack in camps and re-supplies for crews treating weeds; these crews are on 10 day work periods; work could include aiding with the spraying if qualified	1-2 Packers with 4-6 head of stock per trip to pack camps/resupplies in and out; exact number of animals required for each trip will be negotiated with the FS/MCC field crew liaison but estimates are 4-6 head to pack camps and 2-4 for re-supplies	
Red River	Concrete Feedbunk Placement	Numerous Trailheads	Throughtout Summer	Negotiable depending on assistance provided	Carol Hennessey 208.935.4270	Randy Borninger 208-842-2245, rborniger@fs.fed.us	Yes	Aid with determining the best locations for concrete feedbunk placement and aid with installation	Approx 6 concrete feedbunks are being supplied by the Job Corps; assistance is needed in determining the most appropriate locations for these and to aid with their placement	This is the same type of project that occurred at Wilderness Gateway/Selway areas where BCH personnel supported feedbunk installation
Salmon River	John's Crk/Blue Ridge Loop	John's Creek Trail area	early season as snowmelt permits	CCS; project expenses negotiable & reimbursable up to but not exceeding \$600	Carol Hennessey 208.935.4270	Josh Lattin (208) 839-2108 joshlattin@fs.fed.us	No	In addition to the traditional trail opening, clearing and brushing project 15 loads of waterbars are needed to be packed in and placed along the trail in preparation for crew installation	The project of opening the trail can be done without completing the waterbar packing or just a portion of the water bars could be packed in	
Salmon River	McCrae Cabin Clean-up	McCrae Cabin	through out the summer	CCS; project expenses negotiable & reimbursable up to but not exceeding \$600				Clean up the cabin site and clean out the cabin; cabin is not currently able to be inhabited due to many years of neglect and is currently being used as a mouse and pack rat "hotel".	Project Needs include 2-3 packers with pack stock for 2-3 days to clean up the cabin site and pack out trash up and prepare loads for a helicopter to fly the trash out (there's too much to pack out on stock)	FS to provide training and PPE for cleaning out mouse infested cabin
