Trail Signs

The Chapter purchased a new kit for routing signs in wood. Bob Hough and Carl Paulson are in charge of making the signs. We may need to have help from members as to where they would like to see signs.

Chainsaw and Crosscut Saw Training

Certifications and re-certifications need to be scheduled so we are ready for projects next year. The extension to use old cards expired in October 2021.

First Aid -CPR Training

Everyone that operates a chainsaw and/or crosscut saws has to have a current first aid-cpr training. It is very important for others working in the field to also be trained. This winter is a good time to hold the training.

Christmas Party & Dinner

49ers Saddle Club was the location for a good time. There was a great turnout for the Christmas Dinner in spite of the bad weather. Twenty-six members and guests feasted on ham, turkey, and scalloped potatoes. Thanks to the main dish cooks and

everyone else that provided for the potluck. There was a spirited White Elephant gift exchange at this fun event for everyone who attended. Generous members again donated a car load of gifts for "Toys for Tots".

Certified Weed Seed Free Forage is required in all national forests and state lands.
